### **DEBIT CARDS**

This allows you easy record keeping and the avoidance of check writing.

### **THIRD PARTY FINANCING**

We are pleased to offer the benefit of a payment plan which allows low monthly payments designed to fit your budget through Capital One Healthcare Finance or Care Credit Finance. We have a fast and easy application to qualify for this type of payment.

### **INSURANCE ASSIGNMENT**

We understand the value of insurance benefits and will assist you in obtaining your maximum allowance. Your insurance claim will be processed and your deductible estimated along with your co-payment. Your co-payment is due at the time of service and may be paid by any of the above methods. The final payment made by your insurance company may be different from the original estimate. Any overage will be refunded or any underpayment will be billed directly to you. The treatment choices made are between the doctor and the patient and may not coincide with allowances by the patient's employer's insurance contract. In that event, you are responsible for the entire amount for the service.
